

TOTAL E&P CANADA LTD

To whom it may concern,

This letter serves as a testimonial for the excellent service provided by Western Camp Services Ltd. Western Camp Services Ltd. has provided camp and catering services for Total E&P Canada Ltd. for two winter drilling seasons in Total's oil sands exploration leases. The remote location of this lease has offered many challenges in terms of setup and logistics. Western has responded very well to these challenges.

The level of service from Western Camp Services has been exceptional from the setup and tears down of the camp, to the catering and camp management. The staff at Western has been very professional to deal with from sales to field operations. The camp personnel that have been involved on site for the last two winters have been very helpful and courteous to our site workers.

Camp food, lodging, and service is one of the most important factors towards running any successful drilling campaign and Western Camp Services Ltd has made many efforts to help Total Canada find success in our oil sands winter drilling projects.

Regards,

Tony Zimaro
Drilling Superintendent
Total E&P Canada Ltd.
