Attention: Wayne Sopp
President/CEO

Dear Sir,

On behalf of Canadian Natural Resources, I would like to extend a special thanks to you and your entire team at Western Camp Services for this past winter season. Their professionalism, efficient and competent manner was outstanding in all of the operations for us. From your open camp in Rainbow Lake, drill camps and large contract camp awarded in North Western Alberta.

The services that were provided were first rate, rooms clean, cheery staff, newer equipment, and the food was excellent. The menu was assorted and hearty with many choices. All the hot lunches and dinners were accompanied by four or five different salads made fresh daily, a great assortment of fresh fruit and outstanding desserts.

The thing that stood out the most was the people. Your field employees took pride in not only the work they were doing but also with Western Camp Services. The groups that I encountered were always pleasant, provided a high level of service with both cleaning and cooking, and always made you feel at home. This contributes to keeping camp moral positive and makes for a better home away from home.

I would personally like to thank Bill Butler for his assistance in making the camps very successful as he was my key point of contact with your company and ensured our needs were looked after.

Sincerely,

Jim Vlahos
Logistics Coordinator
