

Harvest Operations Corp.

*A subsidiary of Harvest Energy Trust*

To whom it may concern:

On behalf of Harvest Operations Corp., I am pleased to provide a letter of recommendation for Western Camp Services Ltd. as a result of the services provided by them during the past winter season.

Western was involved in providing Harvest with a 275 room winter camp to support the activities of our largest capital project to date. In order to get the experienced personnel we desired, it was understood that we needed to provide the best accommodations and food that we could. Western met this goal 100%.

Western was always available anytime a concern came up, and provided a gameplan to deal with issues immediately if they arose. Also, weekly cost updates and progress reports were sent by Western, which made the cost-tracking side of my job extremely painless.

As a result of their performance, I would recommend Western Camp Services as an excellent choice as a camp provider and am looking forward to working with them again.

Sincerely,

Chris Edwards

Hay River Winter Project Manager
